National Contestants

Three seniors have earned national recognition this year as the result of their accomplishments. Beth Charlesworth and Rocky McDonald won National Honor Society scholarships on the basis of competitive tests and also were National Merit Scholarship finalists. Connie Swoveland, regional vice-president of the Distributive Education Clubs of Indiana, was chosen as Indiana's girl Student of the Year and ranked fourth in the national competition at Chicago.

Foreign Student Program

New Castle has had two foreign students this year—Satu Valkema from Finland and Regina Ottomi from Brazil. The Foreign Student Committee, or FORSCO, has worked all year to raise money for the girls' expenses and to build up a fund that eventually will be used to help finance study abroad for one of our students.

One or more candidates are selected from the high school each year by the local chapters of the American Field Service and Youth for Understanding, and they are considered for the summer programs which send American high school students abroad for three months. Selections are based on leadership, scholarship, personality, character, and interest in world affairs and foreign language.
