

## PRANKSTERS DECORATE CHRYSLER HIGH GROUNDS

Today's "spring fling" at Chrysler High School may have begun a few hours early. School officials today found signs in the school yard, as pictured above, saying "for sale," "dip" and "dead end." Forty-nine signs were placed around the school buildings either Thursday night or early today. The signs in-

cluded an interstate sign, city limits signs, "a burning torch," a government sign of "I Want You, U.S. Army," a tombstone and a plastic horse on wheels. New Castle Police are continuing the investigation of the prank.
